

What is ReCredit?

ReCredit is empowering people to take control of their financial lives, improve their credit, and solve their debt issues via consumer protection laws

We provide alternative solutions to bankruptcy, consumer credit counseling and debt settlement to people who are struggling with their financial obligations/debt.

We educate people about federal and state consumer protection laws.

We have a combined 100+ years of experience in marketing, law, mortgage brokering, real estate, debt and credit related business, insurance and licensed investment advising.

The Problem

Studies and research have shown that debt and credit matters have a significant impact on a large % of Americans. Household income has grown by 28% in the past 13 years, but the cost of living has gone up 30% in that time period. Some of the largest expenses for consumers — like medical care, food and housing — have significantly outpaced income growth.

Many people assume that credit card debt is the result of reckless spending and think that to get out of debt, people need to stop buying designer clothes and eating at restaurants. But many people use credit cards to cover necessities when their income just doesn't cut it.

Our Solution

We will help your organization members, team members, clients and or employees have a healthier financial picture. We focus on helping people achieve peak credit scores which save them \$1,000's each year on payments and fees, keeps them more comfortable/confident and in much better moods to be more productive at work and at home.

We have helped 1,000s of clients permanently remove the following from their three major credit reports: collections, judgments, student loans (reporting negatively), foreclosures, charge offs / settlements, repossessions, tax liens, late payments and inquiries.

ReCredit will educate / discuss options between Debt Consolidation, Consumer Credit Counseling (CCC) aka Debt Management Plan (DMP), Debt Settlement, Bankruptcy, Credit Restoration, Debt Resolution, and or Consumer Protection Law Action(s).

We use a unique and proprietary process that has been proven to get faster and better results than other credit services companies.

Why Choose ReCredit?

We offer a full and comprehensive blanket benefits plan for your company or organization. We can customize unique educational plans, ongoing training and provide unlimited debt/credit consultations for any size group or company. We provide unlimited credit restoration and empower people to have unlimited access to their credit scores, credit factors and credit monitoring.

We have a proven system and we are currently servicing enterprise size organizations across The USA and Canada.

Results

Your team members, clients, and or employees will have a much better attitude, increased energy/work output and a lot more confidence when their credit and debt matters are controlled.

People are happier when they don't have to worry about debt and credit. They qualify for the best rates, lowest fees and optimal loans. They keep a larger amount of their income and spend more time focused on work and family instead of worrying about how they will pay their debt and or increase their credit scores.
